SUNLIGHT READABLE

The X-431 PAD9 LINK uses the optical bonding technique of light penetration and non-reflection to achieve readability in sunlight.

THINER & LIGHTER

The large but lightweight brand-new design makes it easy portability.

LAUNCH AI

Industry-leading diagnostic assistant providing repair help.

Basic Configuration

UPGRADED CONFIGURATION

The Android 13 operating system enhances the speed and smoothness of the user experience.

12GB memory and 512GB storage, no concerns about storage issues.

SECURE CONNECTION

SmartLink C DB15 Interface provides a more secure connection, preventing communication interruptions.

New concept hardware design enhanced WI-FI communication.

MULTI-SYSTEM DATA STREAMS

Consolidating critical data from multiple vehicle systems helps technicians troubleshoot faster and easier.

FCA SGW

Quick and easy to access to FIAT, Chrysler automobiles and Renault / Dacia models.

DELIVER FULL FUNCTIONALITY FOR ALL SYSTEMS. (Purchase separately)

Passenger Cars

Motorcycle

Immobilizer

Commercial Vehicle

Battery Pack

New Energy

*The basic configuration doesn't include any pre-configured vehicle diagnostic softwares. The auto shops are required to choose and install a diagnostic software kit to start your daily repair business.
