- Manual or OBD port TPMS sensor relearn & reprogram.
- Read tire pressure, temperature & battery status.

Specification

➤ Display	1.77 inch color screen
➤ Resolution	168*128 Pixel
➤ Battery	3000 mAh
➤ Input Voltage	DC 5V
➤ Working Current	≤1A
➤ Working Temperature	-10°C~50°C
➤ Storage Temperature	-20°C~60°C
➤ Size	252*54*30 mm
➤ Weight	< 350g
